

Internship Substitution Application Form Major and Special Concentration in Sustainable Development

Name: _____ UNI: _____

Major: _____ Expected Grad Date: _____

Adviser Name: _____

NOTE: To apply for a substitution, you must have been enrolled in an Independent Study course during your internship, completed all coursework and received a passing letter grade. Once you have completed the internship you will need to submit this application to Natalie Unwin-Kuruneri at natalie@ei.columbia.edu.

Please provide detailed, specific responses. Your application should be no more than three pages long.

The internship substitution applies to the “Practicum” section of the Major and Special Concentration in Sustainable Development requirements:

- **Practicum (1 required, 1 point course), or Practice (requires approval)**
 - INAF U4734, SIPA-EI Practicum in Environmental Science and Policy
 - INAF U3500, EI-Lamont Sustainable Development Practicum

1. Please list the contact information of the company/organization and your direct supervisor’s name, title, company address, email and phone number. If you had multiple supervisors, please list all supervisors’ full information.
2. How many hours did you work, and for how many weeks?
3. What were your responsibilities? (Please be detailed.)
4. To which specific sustainable development issues was your internship related? How was the internship related to those issues?
5. What are the three most important and relevant things that you learned in your internship, as applied to the issues of sustainable development that you described above?
